Attend a SacRT Forward Open House

For the last couple of months, the SacRT Forward team previewed transit network alternatives at over 100 community events, showing a range of high frequency or high coverage options that will have a significant impact on the future of transit in the Sacramento region. These alternatives were created to illustrate the direct trade-offs between high frequency and high coverage, and they represented the extremes of a spectrum. They were based upon technical analysis, best practices in the transit planning industry, and what we heard from stakeholders and the community. As a result of this effort, SacRT has now developed draft networks for public review and comment.

The ultimate goal of SacRT Forward is to provide transit service to destinations where people want to go. The community open house will provide an opportunity for the public to provide additional feedback on how the final transit network will look. The Sacramento region is experiencing unprecedented growth and SacRT wants to make sure that it exceeds the mobility needs through proactive and innovative transit planning that will connect more people to more places.

A presentation of the draft transit networks will be made at the SacRT Board of Directors meeting on Monday, December 10, 2018, in the SacRT Auditorium located at 1400 29th Street (accessible by light rail to the 29th Street Station or bus routes 38, 67 or 68).

(continued)

In addition, during the month of December, SacRT will host a series of open houses where the public will learn more about the draft transit networks, ask questions, and make comments. Join us from 5 p.m. to 7 p.m. at one of the following locations:

- **Wednesday, December 12** - SacRT Auditorium, 1400 29th Street, Sacramento
- **Thursday, December 13** - Mills Building, 10191 Mills Station Road (Mather Field/Mills light rail station), Rancho Cordova
- **Tuesday, December 18** - Citrus Heights Community Center, 6300 Fountain Square Drive, Citrus Heights
- **Thursday, December 20** - Pannell Community Center, 2450 Meadowview Road, Sacramento

Can't make it to the open house? Visit sacrtforward.com to learn more about the project and make comments about the proposed draft transit networks.
