This packet includes information and forms you need to apply for Americans with Disabilities Act (ADA) paratransit service in Sacramento County. ADA paratransit service is mandated by all public transportation systems, designed as a safety net for people who cannot use regular bus or light rail by themselves, some or all of the time, due to a health related condition(s).

Many individuals with disabling conditions use the regular Sacramento Regional Transit (SacRT) buses and light rail trains. All applicants for SacRT ADA paratransit service must meet the federal requirements of the Americans with Disabilities Act (ADA). An applicant's functional ability to use accessible buses and light rail trains is the determining factor. The cost for ADA paratransit is **\$5.00** per trip (or \$10 round trip) *subject to change*. All ADA eligible clients are required to pay fare; there are no SacRT ADA paratransit discounts based on income.

To be eligible for SacRT GO ADA paratransit services, one or more of the following statements must be true:

- You are prevented by a disability from independently getting to/from a bus stop.
- You are prevented by a disability from independently boarding, riding and exiting a fixed route bus (SacRT).
- You are prevented by a disability from independently recognizing the correct bus stops and key landmarks.

- 6. If you do not receive written notice of SacRT's decision within 21 days from the completion of the process (which may require an in person interview), you may request ADA paratransit services until a decision has been made by calling (916) 321-2877, Option 2, then Option 1 or 711 for hearing impaired.**
