A member of CHW

The Mercy General Community Shuttle began as a way to transport hospital employees to and from nearby light rail Stations, but soon expanded its free service to hospital patients, visitors and neighborhood residents.

Beginning June 1, the Mercy General Community Shuttle will expand its hours to an all-day schedule, from 5:30 a.m. to 7:30 p.m., running every 30 minutes to both the 29th and 39th Street light rail Stations.

The Mercy General Community Shuttle is part of Mercy General's Commuting Options Program, which encourages employees to use alternative ways to travel to and from work. The program reduces air pollution, a component of Mercy's Environmental Stewardship policy. In addition, alternative commuting reduces parking demands at Mercy General Hospital.
