APPLICATION FOR PERMIT INSTRUCTIONS

Sacramento Regional Transit District (RT) is in receipt of your verbal/written request to access a portion of RT property. The purpose of your request is to allow your contractors to enter upon RT's property.

An application for permit is typically filed and processed prior to beginning any work within RT's right of way or ownership. A copy of our application for permit is enclosed for information. Although the form indicates an application for permit, this form is used for **any right of access request**.

RT usually requires a set of 8½ x 11 drawings that clearly indicate the location of the proposed work with respect to the centerline of our track and right of way boundary. **Also, a legal property description and plat map** may be needed for the contract agreement. A **Certificate of Insurance is required**. An application processing fee of **\$500** payable to Sacramento Regional Transit District is also required. If the permit request is located within the Sacramento-Placerville Transportation Corridor Joint Powers Authority along Folsom Blvd, an additional fee of **\$250** is required. **Please email application for permit and drawings to sfultz@sacrt.com**

Upon receipt of the document and drawings, we will be able to complete the permit process. If a Red Tag is required, a fee of **\$700** is required. If a Red Tag goes beyond the hours prescribed, fees could be up to **\$5,000** per hour. If an RT Lookout is required for your project, a fee of **\$55.00** per hour is required. Applicant will also be responsible for the reimbursement of engineering review and inspections costs associated with this request

On Track Safety Training (OTS) is required prior to approval of all utility permits. You must schedule an appointment for OTS training at OTSTraining@sacrt.com. If you have additional questions regarding safety, call Rob Hoslett, Senior Safety Specialist at (916) 321-3869.

Sub Contractors for the project must apply for an application for permit.

RT will process your request as quickly as possible. **Please provide us with as much lead-time as possible to avoid any delay in meeting your scheduled deadlines.**

if you need additional information, I can be reached at (916) 556-0308.

Sincerely,

Sharon Fultz
Real Estate Administrator
