

Rider Alert!

8th & O Station to Close for Three Years

Effective Friday, July 15, 2022, the 8th & O light rail station westbound platform (trains traveling toward the 8th & Capitol Station) will be closed due to major renovation construction of the California Department of Water Resources Building.

Bus stops located at 8th & O and 9th & N streets will also be closed during construction. Northbound bus passengers should use the stop at 8th & P streets or 8th & N, southbound bus passengers should use the stop at 9th & Capitol, which is between N and Capitol. The station and adjacent bus stops will reopen when construction is complete, which is estimated to be October 2025. Thank you for your patience during the service disruption.
