SacRT Forward Update

SacRT's Board of Directors approved a new bus network proposal on February 25, which comprehensively redesigns SacRT's bus system. The new service is expected to start summer 2019.

The focus of the new network has been on building a solid network of core routes on major corridors that will lead to economic growth and reduce congestion. Adjustments have been made to almost every route, some minor and some much more substantial, which will provide better frequency, more weekend service and new and improved schedules. SacRT will invest up to an additional \$3 million to retain and improve service. With additional local funding, we could implement more robust service in the future.

The new network consists of:

- ▶ 27 regular routes
- ▶ 14 peak hour only routes
- ▶ All routes have 7-day service (with the exception of bus route 33)
- ▶ All routes have 45 minute or better service (with the exception of bus route 19)
- ▶ Complements the new 15-minute weekend light rail service

The defined SmARt Ride service areas are currently in development. To learn more about this service, visit smartride.sacrt.com.

We appreciate your feedback and the time that you have taken to share your concerns. We also had a tremendous turnout of riders and stakeholders address the SacRT Board of Directors on February 25 regarding the proposal. Please know that we will continue to document your remarks and keep them on file for future reference; however, the official comment period has passed.

Once the service changes are implemented, SacRT will continuously monitor each route to optimize and adjust service on a quarterly basis as needed.

SacRT's Pre-Paid Ticket & Pass Exchange Starts April 1

Effective July 1, 2019, SacRT buses and light rail fare vending machines will no longer accept pre-paid tickets and passes with a June 30, 2019 expiration date. This year, SacRT staff will start the ticket and pass exchange earlier, on Monday, April 1, 2019, in order to provide better customer service, shorter wait times and ample opportunity for staff to answer questions about the transition to Connect Card and ZipPass fare options. In addition, transferring the value on to electronic fare media eliminates the need for future paper ticket and pass exchanges.

From Monday, April 1, 2019 through Friday, May 31, 2019, customers will have the option to exchange current, unvalidated Basic and Discount single fare paper tickets or daily passes (June 30, 2019 expiration date) for the fare equivalent value only on electronic media, Connect Card or ZipPass. Starting on June 1, 2019 through Saturday, August 31, 2019, the exchange will also include paper fare media.

Customers can exchange their pre-paid tickets and passes at the SacRT Customer Service and Sales Center located at 1225 R Street (adjacent to the 13th Street Station).

To make it more convenient for our customers, other exchange locations will be scheduled over the next couple of weeks at key light rail stations. Please check sacrt.com or call 916-321-BUSS (2877) for updates.

Take SacRT to the 150th Anniversary of the Completion of the Transcontinental Railroad

This year, the California State Railroad Museum & Foundation are proud to present a series of exciting events, activities and exhibits to commemorate the 150th anniversary of the completion of the Transcontinental Railroad. As history can attest, the completion of the 1,912-mile continuous railroad line was arguably the single greatest technological feat of the 19th century. It helped to connect the country, shape the nation, and put the United States on a path to economic prosperity.

To commemorate the important milestone in our nation's history, the California State Railroad Museum & Foundation will present and/or support a series of events, activities and exhibits, including a free community sesquicentennial event being held at the Old Sacramento Waterfront on Wednesday, May 8 beginning at 10 a.m.

What better way to celebrate the history of rail than taking a free ride on light rail to the event. The Sacramento Valley Station is just steps away from the Old Sacramento Waterfront. Visit sacrt.com and click on the Transcontinental Railroad link to view or print your free ride flyer. For more information on the event, visit railroad150.org. For route and schedule information, visit sacrt.com.
