**INDEPENDENT AUDITOR'S REPORT**

**The Retirement Board  
Sacramento Regional Transit District**

We have audited the accompanying statements of plan net assets of the Retirement Plan for Sacramento Regional Transit District Employees who are members of ATU Local 256 and IBEW Local 1245 (the Plan) as of June 30, 2005 and 2004, and the related statements of changes in plan net assets for the years ended June 30, 2005 and June 30, 2004. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the Plan net assets as of June 30, 2005 and 2004 and the changes in plan net assets for the years ended June 30, 2005 and June 30, 2004 in conformity with accounting principles generally accepted in the United States of America.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The accompanying supplemental schedules are presented for the purpose of additional analysis and are not a required part of the basic financial statements, but are supplementary information required by accounting principles generally accepted in the United States of America. These schedules are the responsibility of the Plan's management. Such information has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

**1. DESCRIPTION OF THE PLAN**

The Retirement Plan for Sacramento Regional Transit District Employees who are members of ATU Local 256 and IBEW Local 1245 (the Plan) is a noncontributory single employer defined benefit plan covering contract employees of Sacramento Regional Transit District (the District). The following brief description of the Plan is provided for information only. Participants should refer to the Plan agreement for more complete information.

**General** - The Plan provides defined pension, disability, and death benefits to employees who are members of the Amalgamated Transit Union (ATU) Local 256 and International Brotherhood of Electrical Workers (IBEW) Local 1245. ATU and IBEW members' benefits are fully vested after five years and ten years, respectively. Membership in the Plan commences upon hire. Contributions to the Plan are authorized or amended by the Retirement Board (Assembly Bill 1064, effective January 1, 2004, mandates that the Retirement Board be comprised of equal representation of management and Bargaining Group employees) based on a sound actuarial basis. The authority under which benefit provisions are established and amended rests with the District's Board of Directors as a result of labor negotiations.

Plan membership at June 30, consisted of:

	2005	2004
Retirees and beneficiaries currently receiving benefits	281	239
Terminated members entitled to but not yet collecting benefits	56	38
Current active members	871	844
	1,208	1,121

**Retirement Benefits** – A participant is eligible for normal service retirement upon attaining age 55 and completing 10 or more years of service for ATU and 5 years for IBEW. In addition, ATU members are eligible to retire upon reaching 25 years of service. The normal service retirement benefit is the greater of the benefit accrued under the plan provisions in effect on February 28, 1993 or the participant's benefit under the current plan provisions. Under the current plan provision, the participant receives a percentage of the average final earnings, as defined, multiplied by the participant's service at retirement. The percentage for IBEW members' is equal to: a) 2.0%, if the participant retires prior to age 65, or b) 2.5%, if the participant retires at age 65 or later.

**RETIREMENT PLAN FOR SACRAMENTO REGIONAL TRANSIT  
DISTRICT EMPLOYEES WHO ARE MEMBERS OF  
ATU LOCAL 256 AND IBEW LOCAL 1245**

**NOTES TO FINANCIAL STATEMENTS  
FOR THE YEARS ENDED JUNE 30, 2005  
AND JUNE 30, 2004**

---

The percentage for ATU members' is as follows:

<u>Age/Service</u>	<u>Benefit</u>
55 or 25 years	2.0%
56 or 26 years	2.1%
57 or 27 years	2.2%
58 or 28 years	2.3%
59 or 29 years	2.4%
60 or 30 years	2.5%

The benefits begin at retirement and continue for the participant's life unless the participant elects to receive reduced benefits with continuing benefits to a beneficiary after death.

**Disability Benefits** – A participant is eligible for a disability benefit if the participant is unable to perform the duties of his or her job with the District, cannot be transferred to another job with the District, and has submitted satisfactory medical evidence of permanent disqualification from his or her job. Ten years of service is required to qualify for disability. The disability benefit is equal to 2% of the participant's average final earnings, as defined, multiplied by service accrued through the date of disability. The disability benefit cannot exceed the retirement benefit. The benefit begins at disability and continues until recovery or for the participant's life unless the participant elects to receive reduced benefits with continuing benefits to a beneficiary after death.

**Pre-Retirement and Death Benefit** – A participant's surviving spouse is eligible for a pre-retirement death benefit if the participant has completed 10 years of service with the District. The pre-retirement death benefit is the actuarial equivalent of the normal retirement benefit, as if the participant retired on the date of death. The death benefit begins when the participant dies and continues for the life of the surviving spouse or until remarriage.

**Administration** – The Plan is administered by the Retirement Boards. All expenses incurred in the administration of the Plan are paid by the Plan.

**Plan Termination** – Should the Plan be terminated, plan net assets will first be applied to provide for retirement benefits to retired members. Any remaining net assets will be allocated to other members, oldest first, on the basis of the actuarial present value of their benefits.

**2. SIGNIFICANT ACCOUNTING POLICIES**

**Basis of accounting** – The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America. District contributions to the Plan are recognized in the period in which the contributions are due. Benefits and refunds are recognized when due and payable in accordance with the Plan agreement.

**Cash and Cash Equivalents** – The Plan considers all highly liquid investments with maturity of three months or less when purchased to be cash equivalents.

**Investments** – Investments are stated at fair market value measured by quoted market prices (or, if not available, at estimated fair value). Realized gains or losses on the sale of investments are recorded on the trade date as the difference between proceeds received and current value at the beginning of the year or cost if acquired during the year. Net appreciation (depreciation) in fair value of investments includes net unrealized market appreciation and depreciation of investments and net realized gains and losses on the sale of investments during the period. Interest income includes dividends and interest paid on the Plan investments.

**Taxes on Income** – Taxes on income are not provided because the Plan is exempt for income taxes.

**Estimates** – The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

**3. CONTRIBUTION REQUIREMENTS**

The Plan's funding policy provides for actuarially determined periodic contributions. Contribution rates for retirement benefits are determined using the entry age normal cost method. During the years ended June 30, 2005 and June 30, 2004, contributions to the Plan were \$4,536,019 and \$3,881,744, respectively.

**4. CASH AND INVESTMENTS**

**DEPOSITS**

At June 30, 2005 and 2004, the reported amount of the deposits of the Plan was \$6,388,281 and \$4,922,658, respectively. The amount was collateralized with securities held by the counterparty's trust department or agent in the Plan's name.

In accordance with GASB Statement No. 3, "Deposits with Financial Institutions, Investments (including Repurchase Agreements), and Reverse Repurchase Agreements", the Plan's deposits are categorized in the following manner:

- Category 1 –** Insured or collateralized with securities held by the District or by its agent in the District's name.
- Category 2 –** Collateralized with securities held by the pledging financial institution's trust department or agent in the District's name.
- Category 3 –** Uncollateralized or collateralized with securities held by the pledging financial institution, or by its trust department or agent, but not in the District's name.

The Plan's deposits by category as of June 30, 2004 are as follows:

	<b>Category</b>			<b>Total</b>
	<b>1</b>	<b>2</b>	<b>3</b>	
Money Market Accounts		\$ 4,922,658		4,922,658
Total	\$	\$ 4,922,658	\$	\$ 4,922,658

**INVESTMENTS**

An annual Board-adopted policy, the Statement of Investment Objectives and Policy Guidelines for Contract and Salaried Employees' Retirement Funds, governs the Plan's investments. This Policy focuses on the continued feasibility of achieving, and the appropriateness of, the Asset Allocation Policy, the Investment Objectives, the Investment Policies and Guidelines and the Investment Restrictions.

\* The fixed income portion of the Plans shall be limited in duration to between 75% and 125% of the Lehman Brother Aggregate Bond Index.

**INVESTMENT RISK FACTORS**

There are many factors that can affect the value of investments. Some such as interest rate risk, credit risk, custodial credit risk, concentration of credit risk, and foreign currency risk may affect both equity and fixed income securities. Equity securities respond to such factors as economic conditions, individual company earnings performance, and market liquidity, while fixed income securities are particularly sensitive to credit risks and changes in interest rates.

**INTEREST RATE RISK**

Interest rate risk is the risk that the value of fixed income securities will decline because of rising interest rates. The prices of fixed income securities with a longer time to maturity, measured by duration, tend to be more sensitive to changes in interest rates and, therefore, more volatile than those with shorter duration.

**CREDIT RISK**

Fixed income securities are subject to credit risk, which is the chance that a bond issuer will fail to pay interest or principal in a timely manner, or that negative perceptions of the issuer's ability to make these payments will cause security prices to decline. The circumstances may arise due to a variety of factors such as financial weakness, bankruptcy, litigation and/or adverse political developments.

A bond's credit quality is an assessment of the issuer's ability to pay interest on the bond, and ultimately, to pay the principal. Credit quality is evaluated by one of the independent bond-rating agencies, for example Moody's Investors Services (Moody's). The lower the rating, the greater the chance – in the rating agency's opinion — that the bond issuer will default, or fail to meet its payment obligations. Generally, the lower a bond's credit rating, the higher its yield should be to compensate for the additional risk.

Certain fixed income securities, including obligations of the U.S. government or those explicitly guaranteed by the U.S. government, are not considered to have credit risk.

**4. CASH AND INVESTMENTS (Continued)**

**CONCENTRATION OF CREDIT RISK**

Concentration of credit risk is the risk associated with a lack of diversification of having too much invested in a few individual issuers, thereby exposing the organization to greater risks resulting from adverse economic, political, regulatory, geographic, or credit developments.

The investment policy of the Plan states that the investment in the securities of a single issuer shall not exceed 5% (at cost) of the value of the portfolio. None of the Plan investments in a single organization represent greater than 5% of its total investments.

**CUSTODIAL CREDIT RISK**

Custodial credit risk for deposits is the risk that, in the event of the failure of a depository financial institution, a government will not be able to recover its deposits or will not be able to recover collateral securities that are in the possession of an outside party.

The custodial credit risk for investments is the risk that, in the event of the failure of the counterparty (e.g., broker-dealer) to a transaction, a government will not be able to recover the value of its investment or collateral securities that are in the possession of another party. The Plan's investment policy does not contain legal or policy requirements that would limit the exposure to custodial credit risk for deposits or investments.

At June 30, 2004, the Plan's investments are categorized as to custodial risk in the following manner:

- |                        |   |
|------------------------|---|
| <b>Category 1 –</b>    | Insured or registered, or securities held by the Plan or its agent in the Plan's name.  |
| <b>Category 2 –</b>    | Uninsured and unregistered, with securities held by the counterparty's trust department or agent in the Plan's name.                                  |
| <b>Category 3 –</b>    | Uninsured and unregistered, with securities held by the counterparty, or by the counterparty's trust department or agent, but not in the Plan's name. |
| <b>Uncategorized –</b> | Investments in external investment pools not required to be categorized.  |

**FOREIGN CURRENCY RISK**

The Plan's investment policy states international equity shall be comprised of American Depository Receipts (ADR) of non-U.S. companies, common stocks of non-U.S. companies, preferred stocks of non-U.S. companies, foreign convertible securities including debentures convertible to common stocks, and cash equivalents.

The following table provides information on deposits and investments held in various foreign currencies, which are stated in U.S. dollars. The Plan does have foreign currency deposits and investments which may be used for hedging purposes.

In the Schedule of District Contributions, the Annual Required Contribution (ARC) was based on the contribution in dollars required by the most recent actuarial valuation for periods beginning before January 1, 1997. Beginning in 1997, the ARC is computed as a percentage applied to the District's actual covered payroll.

The table below summarized certain actuarial information from the most recent study:

Valuation Date:	July 1, 2004
Actuarial cost method:	Individual Entry Age
Amortization method:	Level Percentage Open Group
Remaining amortization period:	23 Years
Asset valuation method:	Market value adjustment to reflect investment earnings greater than (or less than) the assumed rate over a five-year period.

Actuarial assumptions:

Investment rate of return	8.00%
Projected salary increases	5.04% to 9.72%
Includes inflation at	4.00%
Cost of living adjustments	None
