DEPT	DESCRIPTION
AS	Braille Transcription Services
BM	Purchase of Fueling Station for Fuel Cell-Electric Heavy Duty Transit Buses
BM	Above Ground Gas Tank – BMF 1
BM	Above Ground Gas Tank – BMF 2
BM	In-Ground Lift Replacement
BM	Purchase and Installation of Police Vehicle Equipment
BM	Fleet Management Software System
CT	Shredding Services
EC	Dos Rios Light Rail Station Construction
EC	Light Rail Low Floor Station Conversion Gold Line Phase 2
EC	Light Rail Low Floor Station Conversion Blue Line Phase 1
EC	Light Rail Low Floor Station Conversion Blue Line Phase 2
EC	Phase 1: 4000 Amp Service for Electric Bus Charging System
EC	Signal System at 29 th and 30 th Streets
EC	P/Q Lot Badge Access Gate
EC	Concrete and Asphalt Repairs
EC	Arcade Creek Bridge Rock Slope Protection
EC	Phase 2: 21Kv Service for Electric Bus Charging Station
EC	Light Rail Crossing Enhancements
EC	UST Diesel Pump Retrofit
EC	Winter Street Closure
EC	Globe Station Mini-High Repair
EC	Bus Stop Construction
EC	South Bus Lot Pavement Repair
EC	Bus Maintenance Facility 2 Pavement Repair
EC	65th Street Crossing Panel Replacement
EC	13th Street Switch F097
EC	Phase 1 Gold Line Environmental Clearance

DEPT	DESCRIPTION
EC	Evergreen Lighting
EC	Bridge Inspections
EC	Bridge Asset Maintenance Repair
EC	Replace negative return cable at TPSS A1
EC	LRV Maintenance Shop Upgrades: Shop Power Reels
EC	K Street DWT replacement
EC	Wayside Roofing
EC	Metro Concrete Slab
ER	Purchase of Custom Service & Safety Awards
ER	Laboratory Services, Drug and Alcohol Testing
FI	Actuarial Services
FI	Electronic Fare Payment System
FI	MSA Contracting Guideline
FM	Cleaning and Groundskeeping Services
FM	Air Compressor Preventive Maintenance and Repair Services
FM	Electric Vehicle Charging Systems at Light Rail Park and Rides
FM	Pest Control Services on Buses and Bus Lots
FM	Sprinkler System Training
FM	Test Fire Sprinklers
FM	Truck Mounted Pressure Washer Maintenance and Repair
IT	On-Call Security Camera Repair and Maintenance
IT	Virtual Desktop License
IT	Switches, Routers, and Servers
IT	Database Administration Professional Support Services
IT	Risk Management Information System Database
IT	Learning Management System Database and Training Solution
IT	Laptops and Desktop Computers
IT	Video Wall Display System
IT	Computer-Aided Dispatch/Onboard Announcement /Digital Signage
LE	Court Reporting Services
LE	Subpoena Services
LR	Common Hardware Restocking Services
LR	Enhanced Employee Protection Warning System (Roadway Worker)
LR	Track Geometry Testing
LR	SCADA Consultant
LR	CAF Midlife Overhaul
SA	Audiometric Testing Services
SA	On-Call Industrial Hygiene Services
MK	Transit Mobile App Consolidation
MK	Food Truck Catering Services
PE	Actuarial Services for Retirement Boards
PL	On-Call Planning Support Services
PL	Long Range Transit Plan Update
RE	Appraisal Services
RE	Florin Road Transit Oriented Development (TOD)
RE	Title Services

RM	General Liability and Workers' Compensation Claims Audit Services
RM	On-Call Outside Litigation Counsel Support
RM	On-Call Medical Legal Services
RM	On-Call Medical Consultant for Neuro/TBI services
RM	On-Call Medical Consultant for Ortho Services
TR	Microtransit Scheduling Services

Example Supply Purchases by Department

DEPT	DESCRIPTION
BM	Lubricants, Nitrile Powder-Free Gloves, Bus and Auto Parts, Bulk Oil, Coolant, Alkaline Standard Batteries, Small Tools
MK	IT supplies (Laptops, Monitors), Promotional Supplies
FM	Specialty Bulbs, Equipment Rentals, Royco Oil, Trash Bags, Maintenance Supplies
IT	Peripherals, Software Support and Maintenance, Licensing Renewals
SA	PPE (Gloves, Masks, Wipes, Air Filters)
LR	Gear Oil, Bottled Water, Sand, Simple Green, Trash Liners, ZEP Cleaning Products
PO	Copier Paper, Letterhead, Envelopes, Bottled Water, Office Supplies
General Administration	Security Envelopes, Printing, Embroidered Polos and T-Shirts, Fare Media

General Project Descriptions

Bus Stop Improvements

Work may include: i-stops, infrastructure work such as concrete repair, demolition, earthwork, fencing, pavement extension, light post installation and/or relocation, tree relocation, trash receptacles, installing detectable warning tiles, etc.

Light Rail Station Improvements

Work may include concrete, demolition, earthwork, fencing, pavement extension, light post installation and/or relocation, tree relocation, irrigation adjustments, adjusting miscellaneous boxes to grade, traffic control, installing detectable warning tiles, weed abatement, etc.

Light Rail Miscellaneous

Work includes forklift service, Hi-rail equipment repair, welding, substation A/C repairs, non-revenue automotive parts, mid-life non-destructive testing, tool calibration, miscellaneous electrical hardware, miscellaneous hardware, filters, bulbs/lamps and UTDC projects.

Light Rail Low-Floor Station Conversions – Gold Line

This project is planned to modify the Gold Line light rail station platforms to accommodate new low-floor light rail vehicles. The scope includes design and construction to create a differential between the top platform elevation and the top of the rail to allow level boarding. Each station will require design for raising the top of platform elevation.

Light Rail Low-Floor Station Conversions – Blue Line

This project is planned to modify the Blue Line light rail station platforms to accommodate new low-floor light rail vehicles. The scope includes design and construction to create a differential between the top platform elevation and the top of the rail to allow level boarding. Each station will require design for raising the top of platform elevation.

Dos Rios Light Rail Station

SacRT is partnering with the Sacramento Housing and Redevelopment Agency (SHRA) to design and construct a new light rail station on SacRT's Blue Line in North Sacramento near Richards Boulevard and North 12th Street.

Electric Bus Charging Infrastructure

Design and construct the infrastructure needed to charge new electric buses that are being added to SacRT's fleet. In the first phase, SacRT will install a 4,000 AMP service at its Bus Maintenance Facility #1 (BMF1) in midtown Sacramento, which will provide charging capacity for the initial battery electric bus procurements. In the second phase, SacRT will install a 21kV Primary Service to charge additional electric buses that will be added to the fleet as SacRT transitions to a 100% zero emission bus fleet by 2040.

Watt/I-80 Transit Center Improvements

The Watt/I-80 Transit Center project includes significant enhancements, including improving visibility, redesigning stairwell and elevator structures to be more open and accessible, adding lighting, constructing a well-defined plaza area, removing and restricting access to hiding spaces, and investing in further site maintenance. Additional infrastructure

improvements to Watt Avenue and bus stop amenities will enhance pedestrian, bicycle, and drop-off vehicle access to the Transit Center, as well as user-friendliness and comfort, which were identified as major priorities by current riders and desirable for potential future riders.

Downtown/Riverfront Streetcar Project

The revised Downtown/Riverfront Streetcar Project proposes to add a 1.51-mile streetcar system from Sacramento Valley Station (Sacramento's intermodal transportation facility) to Sutter Health Park in West Sacramento. Service will be provided by a one-car train that travels from Sacramento Valley Station at 3rd Street, turns West on Capitol Mall, crosses the Sacramento River on the Tower Bridge, and continues on Tower Bridge Gateway to Sutter Health Park and back. The scope includes a new light rail station at Sutter Health Park and a second boarding platform at the Sacramento Valley Station.
